“Ri” was imported from Austria at age two. He went on to finish his Bench Championship easily in the United States, but his greatness came from his hunting ability. At the time of his death American Field gave these statistics: of the Top 24 outstanding Weimaraner studs in America, seven of them are Dido and his offspring. Ri has 84 recorded progeny wins and has sired 19 winners. Of the total recoded progeny wins of 980 for the 24 dogs, 408 are Ri’s and his offspring, which is 42% of the total.
